# L8R – features

The L8R drama and website are the core of a range of integrated activities and resources for both young people and practitioners. The drama develops in 10min TV drama episodes, distributed on the BBC Learning Zone, DVD and the website. The combination of features that make L8R unique are:

- **Voting** to effect how current episodes proceed
- **Polls** on previous episodes, which then show how your site voted compared to others
- **Moderated Forums** for each episode where young people can talk to and advise the characters and debate issues
- **Advice & Information Centre** where young people can access links and information on topics from sexual health, to bullying, to gangs...

- **L8R World**, an animated area in Series 1 only, where young people can find out what else is going on in the characters lives and explore their motivations
- **Online Peer Mentoring & Mentor Training**
- **Showcase** area, where young people's creative work is published
- **Social Networking Pages** – L8R characters have pages on Bebo, Myspace and Facebook, edited by L8R's Youth Editors Team.

*Each young person creates their own login to use the L8R website, once they have their site access code from their Practitioner. They can then use their login to access the site from home, internet cafes, libraries etc.*

**'It is really a very good resource...excellent because there are so many relevant issues...about their own situations...of being looked after.'**

**'L8R has been mainstreamed across all our homes now. It's an excellent resource – totally relevant.'**

**Clare Lamont, Health Promotion Specialist, Shaftesbury Young People, London**

## L8R – practitioner training

L8R is a rich resource and independent evaluations have found that practitioners of all kinds benefit substantially from hands-on training in using it.

We provide tailor-made training for teachers, youth workers and all other practitioners, adapted to your setting. This can range from a full day's practical experience including needs assessment and session planning, to a basic 3 hour session with some opportunity to log on and access the site.

Our strong training team combines experience of face-to-face work with vulnerable young people, and professional training for practitioners in group work skills and delivering successful PSHEE and SRE. We can deliver complete programmes of professional training for all practitioners, including those working with young people with challenging behaviour, vulnerable teenagers and teenage parents.

Please contact us to discuss details and prices.

**'Just wanted to say a very big thank you for today's INSET. You were very measured, calm, knowledgeable, approachable and informative.**

**The participants and I gained greatly from your input.'**

**Amanda Gould, Vale Royal Extended Services Locality  
Co-ordinator, Cheshire County Council**

### Evaluation

An independent evaluation report produced by the University of the West of England said:

**'L8R's success in engaging hard-to-reach young people is due to the quality and relevance of the drama, the 'safe' ways in which young people can address issues, and the richness and flexibility and different features of the resource which support use in different contexts.'**

**'The resource works well...by providing a fictional context in which to consider sensitive issues...It is notable that young men got involved in thinking and talking about teenage pregnancy.'**

# L8R – peer mentoring and workshops

## Online mentoring for your group

We run a unique programme of 'bespoke' peer mentoring, where your group gets a series of their own 1 hour online chat sessions with our trained mentors. Sessions can be themed for your group – eg around crime, bullying, gangs, relationships, sexuality, or anything else. A series can also include face-to-face sessions.

We also provide open scheduled 1 hour sessions on a regular basis at times advertised on the site. These are open to all young people registered on the L8R site. For more information about our mentoring programme, including safety issues, please go to [www.l8r.uk.net](http://www.l8r.uk.net) and click on Mentoring.

## Mentor Training & Accreditation

We train groups of 16-25 year old young people from across the UK as mentors. Our mentors have often been through challenging life experiences themselves, and value the opportunity of sharing their experience. We offer accreditation to mentors through the ASDAN Peer Mentoring Award.

## Peer Educators

We train Peer Educators, often enabling them to use the resources of L8R to work with groups around sex & relationships, sexual health, and gangs, gun & knife crime.

## Creative Workshops

We run intensive Creative Workshops, often taking off from the L8R story and characters, enabling young people to develop their own drama or digital media work, which is published in the Showcase area of the L8R site.

**Please contact us for more information and prices for any of the above.**

**'I think it's an absolutely brilliant idea because in terms of Citizenship and the PSHE curriculum they are interacting with other young people across the country on issues that are important to them.'**

**Lou Minhinick,  
Youth Worker, Plymouth**
